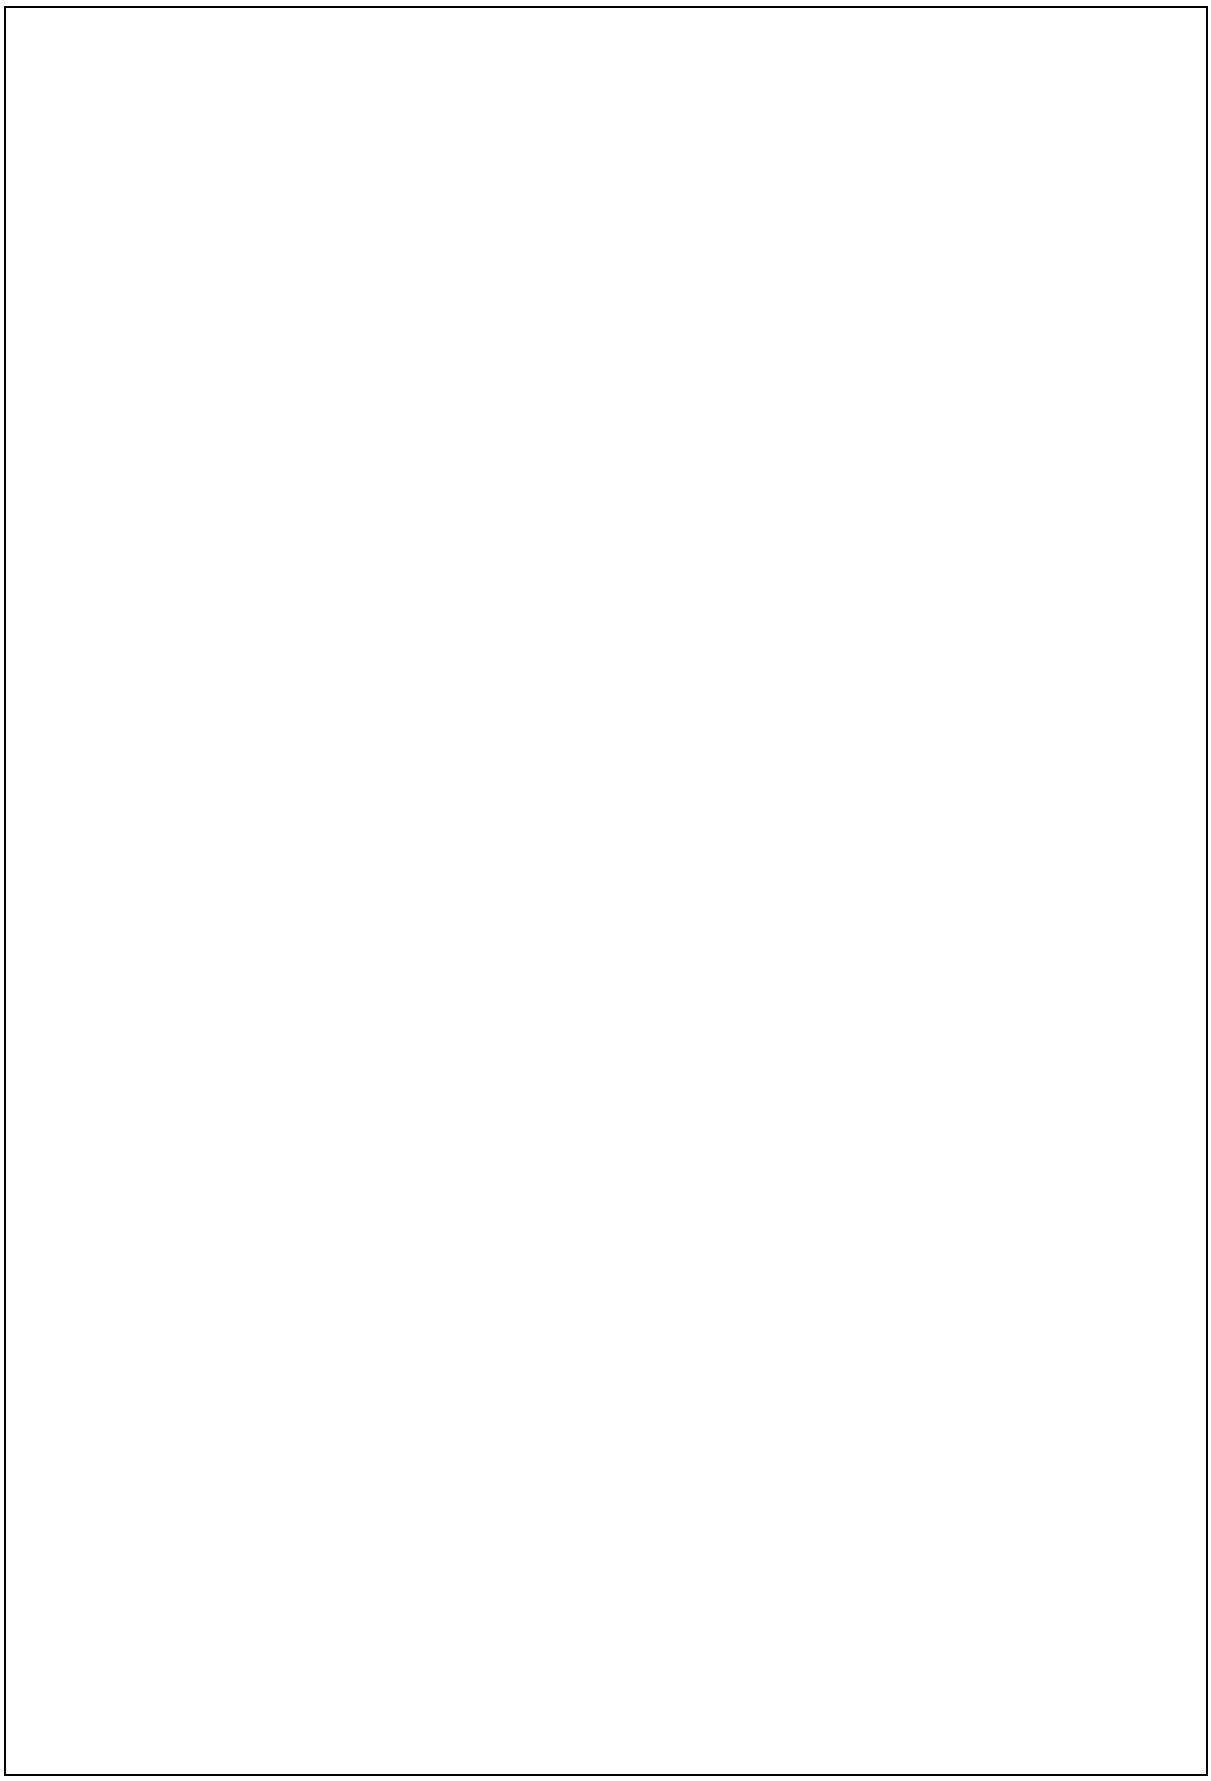
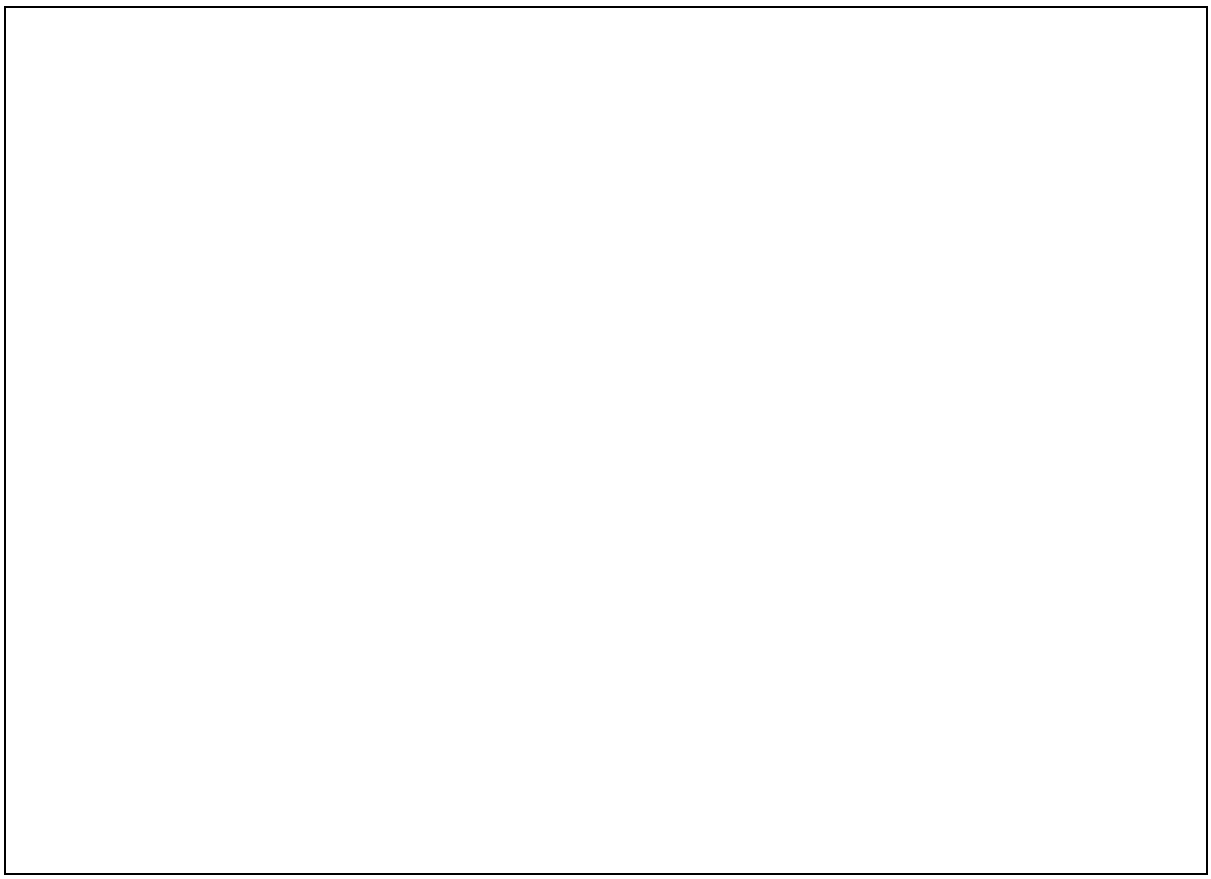
Theme:

"Leveraging Public Governance and Enhancing Youth Engagement to Promote Green, Resilient and Sustainable Recovery from COVID-19"

- Select one topic from the three following themes:
  - *Empowering the Youth to Strengthen Effective Governance*
  - *Engaging Youth for Climate Resilience*
  - *Digital Transformation to Address Youth Unemployment*

Essay Guiding Questions

Propose a policy or government program which engages youth in building resilience in society.




- The following questions aim to guide you in writing your essays. These guiding questions are for your consideration.
- The questions are cross-cutting for all the above three topics.
  - What are the current challenges youth face? What are their current needs?
  - What is the scope of your project? (eg. national, regional, local)
  - Which stakeholders will be engaged? (Non-governmental organizations, civil society organizations, local/national government, private sector, etc.)
  - What are the main objectives of your policy or government program?
  - What methodology approach will you use to engage the youth?
  - How will you monitor or measure the achievements of your policy or government program?
