

Regional Symposium on “Strengthening Capacities of Public Institutions and Developing Partnerships for the SDGs”
24-26 October, 2018
Incheon, Republic of Korea

Global capacity development support for SDG 16

Adriana Alberti, Chief, Capacity Development Unit
Division for Public Institutions and Digital Government (DPIDG)
United Nations Department of Economic and Social Affairs (UN DESA)

What new capacities are required to implement the SDGs?

- ✓ **Institutional coordination through an integrated approach** – strengthening whole-of-government approaches and mechanisms that support inclusive and integrated policies and public service delivery.
- ✓ **Policy coherence** – strengthening national analytical and quantitative capacities to conduct cross-sectoral analyses and identify policy options that help achieve national goals.
- ✓ **Social inclusion** – providing visibility to disadvantaged groups to give them a voice in national policymaking and implementation.
- ✓ **Evidence-based policy, monitoring and evaluation** – modernizing statistical systems to increase national production and access to quality and disaggregated data for policy formulation
- ✓ **Means of implementation** – strengthening capacities of national systems and building effective partnerships to mobilize resources for sustainable development.
